

CLEANERS

INTELLIGENCE BRIEF

IDENTIFIERS: HAZMAT SUIT, REFLECTOR VEST, FLAMETHROWER, FULL MASK

LOCATION: GARMENT DISTRICT

MOTIVE: CLEANSE THE CITY WITH FIRE

A roaming faction, the Cleaners can appear in many districts; all agents should proceed with extra caution, especially in Cleaner-occupied territories. The faction consists of workers that were stranded from their homes once the virus hit. Trapped in the quarantine zones, they decided to take matters into their own misguided hands. Armed with flamethrowers, they travel from one area to another hoping to cleanse the city of the virus. They will burn anything they deem to be contaminated. Their terror spreads quickly like the fire they wield.
