

JOINT TASK FORCE

INTELLIGENCE BRIEF

IDENTIFIERS: UNIFORMED, US FLAG
LOCATION: BASE OF OPERATIONS
MOTIVE: PROTECT AND SERVE

The JTF was formed by remnants of various government agencies and departments as a result of the collapse. Understaffed and overworked with meager resources, they have been stretched thin to say the least. As ensuing unrest decimated their ranks, the JTF lost control of New York, leaving the city to turn into a lawless death-trap for all its citizens. Unable to effectively coordinate and manage the response, the JTF now puts their hope in the members of the Division to lead the way. As such, all Division agents are strongly encouraged to assist the JTF, wherever possible, whether it's protecting supply drops or aiding civilians in need.
